

Dr. Arun Bansal is a professor at PGIMER, Chandigarh. He received PICC training at London, UK. He has mentored over 35 MD and 15 DM-students. He has published over 100 papers, 50 book-chapters and is section-editor of 3 books. He has completed 25 intra-mural and 6 extra-mural research projects and has won many awards. He received FCCM in 2018 and FRCPCH in 2019.

Dr. Bansal has been EB-member, vice-chairman and general secretary of PICC. During 2020-22, he held twice-weekly P2P-PICU and weekly E-Gurukul sessions. In 2021, he led monthly online STEP-IN sessions for nurses, PROMO 2021 on ICU procedures and FOCUS 2021. Fellows, intensivists, and international faculty presented and learned on these platforms. Dr. Bansal successfully hosted the Chapter's first virtual conference, E-PediCritiCon 2020, and first physical conference post-COVID, 23rd PediCritiCon 2021.

Dr. Bansal published COVID Guidelines (Part I & II). He also brought out the special COVID supplement in JPCC. Dr. Bansal was active in Chapter's and GOI's COVID guidelines Task Force. PICC Chapter won the IAP Best Chapter Award in 2021 and 2022. He successfully organised the 9th and the 19th NCPIC in Chandigarh in 2009 and 2017.

He is a PCCM Journal EB-member and JPCC Associate-Editor.

Kundan Mittal: Post of Chairman Elect 2024 IAP Intensive Care Chapter

Each Election comes and goes. But what we achieve is more important for sick children in our developing country which is moving towards developed Nation in 2047. Every Society/institution has certain objectives and vision for the people working for them and public as a whole and Intensive Care Chapter is one of them working to bringing the best in the field of intensive care from their own people and by collaborating with others. I feel proud to be part of society and working as Senior professor in Pediatrics and Incharge Pediatric Intensive Care, respiratory Medicine and Medical genetics since 2005 at Pt B D Sharma, Postgraduate Institute of medical Sciences which runs various medical courses like UG, PG, Postdoctoral and other paramedical courses. After doing fellowship from SGRH New Delhi and observership from Pittsburgh Children Hospital USA I am constantly working in the field of critical care. Being a select member of SCCM USA I have got sponsorship for many courses in India and also working as international consultant for PFCCS, FCCS, FCCS Surgical, and FCCS OB. I am member core committee for FCCS OB in SCCM up to 2023 and reviewer. I Have authored more five books, co-author and associate editor PICU protocols for IAP, written, published many chapters and papers. I was awarded fellowships of IAP, NNF, Intensive care, SCCM USA, RCPCH, Communicable diseases and many more. I will try to bring critical care at masses at low cost to save human lives and prevent morbidity which is of great concern in ICU survival. One should learn from past, perform in present and set for futures in critical care

Dr Suresh Kumar Angurana (MBBS, MD, DNB, IDPCCM, DM, MNAMS, FCCP, FIMSA, FRCPCH, FICCM)

Dr Suresh Kumar Angurana is currently working as Associate Professor in the Division of Pediatric Critical Care, Advanced Pediatric Centre, PGIMER, Chandigarh.
